**Re: Lockheed Martin Corporation Middle River Complex
Replacement page for the Risk-Based Disposal Approval Application (RBDAA) for the *In Situ* Treatment of Dark Head Cove Sediment and the Long-term Monitoring and Maintenance Plan for Cow Pen Creek and Dark Head Cove**

Dear Ms. Prince:

Lockheed Martin Corporation (Lockheed Martin) is submitting the enclosed replacement page for the risk-based disposal approval application (RBDAA) for the *In Situ* Treatment of Dark Head Cove Sediment to Region 3 of the United States Environmental Protection Agency (USEPA). This replacement page clarifies aspects of the in situ treatment media placement in Dark Head Cove.

Also included is a replacement CD with the complete copy of the RBDAA for the *in situ* treatment and remediation. Also included in this package are two hard copies with CD-ROMs of the Long-term Monitoring and Maintenance Plan for Cow Pen Creek and Dark Head Cove, as requested.

Please contact me at (301) 548-2209 if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tom Blackman", with a long horizontal flourish extending to the right.

Thomas D. Blackman

Project Lead, Environmental Remediation
